EDUCATION

Vellore Institute of Technology

Bachelor of Technology in Computer Science and Engineering

Cumulative GPA: 8.16/10

Relevant Coursework: Object Oriented Programming, Computer Networks, Operating Systems, Database Management System

Bhopal, Madhya Pradesh

June 2021 - 2025

PROJECTS

Finance Tracker

[Link](#)

- Developed a Personal Finance Tracker with real-time expense and income logging, budget goal setting, and enhanced security features to improve financial well-being and savings
- Built the application using HTML, CSS, React.js, React Routers, Chart.js, Node.js, Express, MongoDB, JWT, BcryptJS, and Node Mailer
- Contributed as a Full Stack Developer, implementing both frontend and backend functionalities

Cardio Boost

[Link](#)

- Developed a predictive model using AdaBoost, XGBoost, and Gradient Boosting on a dataset of 10,000 patients, analyzing 13 key health indicators. Achieved 72.86% accuracy and 0.77 AUC with AdaBoost.
- Implemented data preprocessing techniques, including feature selection (top 5 features), outlier removal (7.5% extreme values eliminated using the IQR method), and normalization (MinMaxScaler applied to 10+ attributes), improving data quality and model efficiency.
- Evaluated model effectiveness using precision (77%), recall (64%), F1-score (70%), and ROC-AUC (0.77), demonstrating a 12% improvement in predictive accuracy for timely medical intervention and wrote a research paper on the findings.

WORK EXPERIENCE

Software Developer Intern

May 2025 - June 2025

Hindustan Petroleum Corporation Limited (HPCL)

Mumbai, Maharashtra

- Developed and deployed an end-to-end e-Card Shopping Website using Spring Boot, JPA, JSP, pgAdmin, and RESTful APIs.
- Implemented user management system with full CRUD operations, secure login/signup pages, and session handling.
- Built and maintained product catalogue, shopping cart, order processing, and inventory management modules.
- Integrated a machine learning-powered search bar using Google News Word Vector Model to enhance product discovery.
- Embedded a custom chatbot using the Ollama model to provide dynamic user interaction and query resolution.
- Designed and managed both frontend UI and backend logic, ensuring responsive design and efficient data flow.
- Contributed to an internal HPCL project for Excel data upload and automated PDF report generation using object data models.

Web Developer Intern

October 2023 – November 2023

Baoiam Innovations Pvt. Ltd.

- Collaborated with my team as the youngest member to design and implement an engaging home page, integrating essential features like sign-up/sign-in authentication and a seamless payment gateway.
- Fixed CSS bugs and ensured 100% responsiveness, enhancing the site's visual appeal across devices and increased user engagement by 2x.

SKILLS

Programming Languages: Java, Python, JavaScript, HTML, CSS, JSP, SQL

Databases: MongoDB, MySQL, PostgreSQL (pgAdmin4)

Frameworks & Libraries: React.js, Node.js, Express.js, Tailwind CSS, Spring Boot, JPA

Developer Tools & Platforms: Git/GitHub, Vercel, Netlify, Eclipse IDE, VS Code

ACHIEVEMENTS

- Earned 16 badges in the Google Cloud Computing Foundation, securing a position in the gold league with 20,760 points.
- Secured National Semi-Finalist position at HPCL's HP Power Lab - Ideas for a Viksit Bharat (2025) under the theme Energy, Equity, and Inclusion, ranking among the Top 48 teams out of 1.29 lakh+ participants, and was subsequently selected as one of only 29 Summer Interns at Hindustan Petroleum Corporation Limited (HPCL).
- Attained a National Semi-Finalist position in the Muthoot Finclusion Challenge 2025, ranking among the Top 80 teams out of 24,417+ participating teams nationwide.

- Featured among the Top 80 Competitive E-School Leaders 2025 under Unstoppable Leaders 2025 at the Unstop Talent Awards 2025.
- Excelled in the Spark AR(Meta) x Reskill Hackathon with over 5k+ attendees, created 5+ Instagram filters.
- Achieved a score of 162 out of 200 in NTSE- Stage 1 (November 2018).

CERTIFICATIONS

- Google Cloud Computing Foundation, Issued by Google Cloud ([Certificate](#))
- MERN Stack Development, Issued by ETHNUS ([Certificate](#))
- The Bits and Bytes of Computer Networking, Issued by Coursera ([Certificate](#))
- Alpha (DSA with Java) by Apna College ([Certificate](#))
